TEE TIMES

Yarmouth Golf uses Club Prophet Systems (CPS) for both public and member bookings. In addition, it provides information for our starters, rangers, pro shop staff as well as a host of other options vital to our organization.

Instructions for getting started can be found on our website under “Membership”. Here you will learn how to set up your account, create lists of your regular playing partners (“buddy lists”) and how to book tee times.

Pass Holder Tee Time Access:

1. Pass holders may reserve a tee time 3 days prior starting at 7:00PM.

Day	Booking Opens	Days that can be booked		
Monday	7:00PM	Tuesday	Wednesday	Thursday
Tuesday	7:00PM	Wednesday	Thursday	Friday
Wednesday	7:00PM	Thursday	Friday	Saturday
Thursday	7:00PM	Friday	Saturday	Sunday
Friday	7:00PM	Saturday	Sunday	Monday
Saturday	7:00PM	Sunday	Monday	Tuesday
Sunday	7:00PM	Monday	Tuesday	Wednesday

Tee time cancellations and changes to your tee time may be made online up to 2 hours before your reservation. All tee times are online or you may call the Pro shop after 2pm the day prior to book or change a time.

Yarmouth Golf cannot guarantee play on any specific day or time or with any specific partners. The availability of tee times may be affected by a variety of circumstances including maintenance, weather related factors, tournaments/outings, or prior daily fee reservations. In order for a single to book a tee time, a twosome or threesome must already be booked in that time slot. Singles are not allowed to book a tee time where no other players are booked.

The integrity of this system is based on the honesty of the users. Abuses of the system will result in suspension or revocation of playing privileges.

Annual Pass Holder No Show Policy

- Pass Holders may book/change/edit/cancel their reservation up to two hours before their tee time.
- If tee time is not cancelled online or through the pro shop prior to the 2-hour deadline, the annual pass holder will be deemed a “no show”.
- We encourage all pass holders to make changes as soon as practical to open the tee sheet up to other pass holders as well as public play. With that in mind the following policy has been put in place and approved by the GEC:
 - Should a pass-holder receive 3 no shows they will be suspended for 1 week.
 - If pass-holder no shows 3 more times after said suspension, they will be suspended for 2 weeks.
 - If pass-holder no shows 3 further times, they will be suspended for the season.

Should a suspension be necessary the pass holder will be notified by the email on file.

PASS HOLDER CONCERNS

The following process has been implemented so that members have a place to go with their concerns, complaints and ideas. For a concern to be considered by Yarmouth Golf it is imperative this process be followed, no exceptions:

1. The pass holder should try to resolve the concern directly with a staff member.
2. If not resolved, the pass holder must bring their concern by email or in writing to an Operations Manager for action and suggested outcome.
3. If the pass holder is not satisfied with that outcome, the pass holder's e-mail communication will be forwarded to the Director of Golf along with the Operations Manager's recommendation.
4. The issue will be brought to the Golf Enterprise Committee by the Director if the pass holder is still not satisfied with the recommendation presented.
5. If the pass holder is not satisfied with the GEC decision, they will forward the issue along with an explanation of the remedy presented, to the Board of Selectmen for final review.

2. the date and method of payment of the annual fee
3. documentation from a medical professional indicating the medical reason for the pass holder's requested refund.

GOLF CART USAGE

- Golf carts must always stay on the cart paths on all Par 3 holes. Golf carts must also always stay on the cart paths around tees and greens on all holes.
- At no time are non-handicap golf carts allowed to go inside of the golf cart directional signs, ropes, or stakes.
- The areas described in a. and b. above are considered restricted areas.
- The 90-degree rule can be put in effect at the discretion of the Golf Course. Under certain conditions, golf carts may be restricted to rough only. If golf cart use is restricted, it will be posted in the Pro Shop.
- Any pass holder who purchases a riding cart at the single cart rate agrees that no other rider will join him/her during the round without paying for the other half of the cart. Violators will be restricted in their ability to purchase a cart at the pass holder rate in the future.
- All golf carts MUST be returned to the designated cart drop-off area.
- No carts allowed in the parking lot at Bass River
- If a golf cart is observed by a staff member in a restricted area as outlined above, the staff member will notify the Pro Shop or Ranger immediately and will identify the cart number, the exact location of the infraction, and give a description of the infraction. The staff will report the infraction to the Manager on Duty.
- Both the operator and the passenger of the cart will be given a verbal warning by the Manager on Duty for the first and second offense and the warning will be recorded in a file maintained by the Director of Golf. The third offense will result in the Manager on Duty confiscating the offender's golf cart. There will be no refund of the golf cart fee or the greens fee.
- Any offense by a pass holder, either operator or passenger, will be recorded and kept on file the by Operations Manager. The third offense will result in the loss of golf cart rental privileges for a period of two (2) weeks.

HANDICAP FLAG POLICY

Handicap flags/placards will be made available to those golfers who have a special need, or for various circumstances are unable to walk between the fairway cart boundaries and the green. These flags are for golfers who present a valid handicap placard issued by any state or by a letter from a physician with supporting documentation. The following rules will apply in the use of these flags:

- a. Handicap flags/placards will be requested by pass holders or guests at the time of registration. By requesting a handicap flag/placard, the golfer will indicate his/her acceptance of the handicap rules.
- b. The flag/placard must be affixed to the golf cart and be readily visible during the round.
- c. When leaving the teeing area and proceeding to the ball on a par three, the 90 degree rule will apply when crossing from the cart path to the fairway.
- d. The handicap flag/placard entitles the golfer to go beyond the fairway cart boundaries to address a ball. All carts are prohibited from those areas designated as “environmentally sensitive”.
- e. The cart will be permitted **no closer than 15 feet from the fringe area** of the green and will be parked so as not to interfere with the play of other golfers. **No carts are to be driven in areas between the green and a bunker.**
- f. No golf carts are permitted in the parking lot at Bass River.
- g. After use by the golfer, the cart must be returned to the designated cart drop off area.

These rules apply, without exception, to all golfers requesting a handicap flag/placard. The rangers and staff have been instructed to warn any golfer who violates or abuses these rules and to report such warnings to the Operations Manager. Failure to heed such warning will result in loss of privilege to use a handicap flag/placard. Repetitive violations will result in further disciplinary action which could include the suspension of golf privileges.

GENERAL INFORMATION

PACE OF PLAY:

The expectation for an 18 hole round is 4 hours and 15 minutes. There are things you can do to help move things along. Please review the recommendations from MassGolf: <https://www.massgolf.org/news/10-tips-pace-of-play>

In addition to the role that the golfer plays in keeping pace, Yarmouth Golf has established the following policy which now gives authority to the Ranger or the Manager on Duty to act as follows to speed up play:

Our Rangers are equipped with iPads that will show them the time when a group has teed off. They also have access to a GPS system that can indicate the group that may be falling behind. This allows them to quickly address the group in question, check on their status, and assist them in moving along. If for a second time the group has not kept up with pace of play they will be asked to pick up their ball and move forward to get back into the desired position. If the group fails to pick up or again falls behind, the Ranger will then call the Manager on Duty, who will have the option to suspend play and discontinue the group's round at that point.

It is the objective of Yarmouth Golf to make the golfing experience at Bass River and Bayberry Hills enjoyable for all golfers. We hope that these recommendations and this policy will improve pace of play and make golfing at Yarmouth Golf an enjoyable experience.

LIGHTNING WARNING SYSTEM

Yarmouth Golf has no lightning warning system. It is every golfer's responsibility to leave the course if they feel unsafe.
